

Topical index of articles published in the Journal in 2019 (volum 3)

Author(s). Title	Issue	Pages
Geotectonics and geodynamics. Structural geology		
<i>Safonov D.A.</i> Spatial distribution of tectonic stress in the southern deep part of the Kuril-Kamchatka subduction zone doi.org/10.30730/2541-8912.2019.3.2.175-188	2	175–188
<i>Polets A.Yu.</i> Modern tectonic stress field of the Sakhalin-Japanese earthquake belt doi.org/10.30730/2541-8912.2019.3.2.189-200	2	189–200
<i>Borniyakov S.A., Salko D.V., Shagun A.N., Dobrynina A.A., Usynin L.A.</i> The slow deformation waves as a possible precursor of seismic hazard doi.org/10.30730/2541-8912.2019.3.2.267-276	3	267–276
<i>Bulgakov R.F., Senachin V.N.</i> Marine terraces and hydroisostasy influence on the vertical movements of the Sakhalin doi.org/10.30730/2541-8912.2019.3.3.277-286	3	277–286
<i>Kamenev P.A., Zabolotin A.E., Degtyarev V.A., Zherdeva O.A.</i> Geomechanical model of South Sakhalin active fault doi.org/10.30730/2541-8912.2019.3.3.287-295	3	287–295
<i>Truong Thanh Phi, Shakirov R.B., Syrbu N.S.</i> Characteristics of tectonic activity phases along The Cao Bang-Tien Yen fault zone, Tien Yen-Lang Son section, Northeastern part, Vietnam doi.org/10.30730/2541-8912.2019.3.4.345-363	4	345–363
Geophysics, geophysics methods of the mineral prospecting. Seismology		
<i>Request for discussion uu Invitation to the discussion. Bogomolov L.M.</i> doi.org/10.30730/2541-8912.2019.3.1.003-004	1	3–4
<i>Parovyshny V.A., Sohatyuk Yu.V., Parovyshny D.V., Veselov O.V., Kochergin E.V.</i> Approach to solve specific problems of operative predictions of seismic events doi.org/10.30730/2541-8912.2019.3.1.005-018	1	5–18
<i>Sverdlik L.G., Imashev S.A.</i> On preseismic anomalies of atmosphere temperature doi.org/10.30730/2541-8912.2019.3.1.019-026	1	19–26
<i>Zakupin A.S., Boginskaya N.V.</i> Study of seismicity in the area of the Central Sakhalin fault in the South of Sakhalin Island doi.org/10.30730/2541-8912.2019.3.1.027-034	1	27–34
<i>Sychev V.N., Sycheva N.A., Imashev S.A.</i> Study of aftershock sequence of Suusamyr earthquake doi.org/10.30730/2541-8912.2019.3.1.035-043	1	35–43
<i>Zhigulev V.V., Savitsky A.V., Zhigulev A.V.</i> Study of Bering Sea gas hydrates with application of AVO-analysis doi.org/10.30730/2541-8912.2019.3.1.044-053	1	44–53
<i>Kostina A.A., Zhelnin M.S., Plekhov O.A., Panteleev I.A.</i> Investigation on effectiveness of analytical models to describe steam chamber growth during steam-assisted gravity drainage doi.org/10.30730/2541-8912.2019.3.1.054-064	1	54–64
<i>Safonov D.A., Fokina T.A., Kovalenko N.S.</i> Seismicity of the South Far East of Russia in 2018 doi.org/10.30730/2541-8912.2019.3.4.364-376	4	364–376
<i>Zakupin A.S., Boginskaya N.V., Andreeva M.Yu.</i> Methodological aspects of the study of seismic sequences by SDP (self-developing processes) on the example of the Nevel'sk earthquake on Sakhalin doi.org/10.30730/2541-8912.2019.3.4.377-389	4	377–389
<i>Kamenev P.A., Kostylev D.V., Boginskaya N.V., Zakupin A.S.</i> Geophysical surveys in the southern part of the Central Sakhalin Fault based on new integrated network doi.org/10.30730/2541-8912.2019.3.4.390-402	4	390–402
Oceanology		
<i>Shakirov R.B., Obzhairov A.I., Shakirova M.V., Maltseva E.V.</i> On gas hydrates of East Asian marginal seas: patterns of genesis and distribution (review) doi.org/10.30730/2541-8912.2019.3.1.065-106	1	65–106
<i>Shakirov R.B., Mishukova O.V.</i> The spatial distribution of the methane fluxes on the water–atmosphere boundary in the Sea of Okhotsk doi.org/10.30730/2541-8912.2019.3.1.107-123	1	107–123
<i>Shevchenko G.V., Khuzeeva M.O., Yachmenev V.E., Shishkin A.A.</i> Storm waves in the South Kuril Island by visual and instrumental data doi.org/10.30730/2541-8912.2019.3.1.124-136	1	124–136
<i>Borisov A.S., Kovalev D.P., Kostylev D.V., Levin Yu.N.</i> Microseisms on the North of Sakhalin Island caused by sea waves doi.org/10.30730/2541-8912.2019.3.2.201-208	2	201–208
<i>Gorbunov A.O., Kovalev D.P., Kovalev P.D.</i> The sediment transported by the flow in the eroding area of the Mordvinov Gulf coast (Sakhalin Island) doi.org/10.30730/2541-8912.2019.3.2.209-218	2	209–218
<i>Kovalev D.P., Kovalev P.D., Khuzeeva M.O.</i> Peculiarities of sea waves near the southeastern coast of Sakhalin Island at passing cyclones above the observation area doi.org/10.30730/2541-8912.2019.3.3.296-303	3	296–303

<i>Kaistrenko V.M.</i> Peculiarity of using the paleotsunami data for the tsunami hazard estimation doi.org/10.30730/2541-8912.2019.3.4.403-416	4	403–416
<i>Kaistrenko V.M., Razjigaeva N.G., Ganzey L.A., Gorbunov A.O., Nishimura Yu.</i> The manifestation of tsunami of August 1, 1940 in the Kamenka settlement, Primorye (new data concerning the old tsunami) doi.org/10.30730/2541-8912.2019.3.4.417-422	4	417–422
Geomorphology and evolution geography		
<i>Afanas'yev V.V., Leont'yev I.O., Uba A.V.</i> Analysis of the dynamics of the lagoon accumulative barrier form (Sakhalin Island) on the basis of mathematical modeling and relief strain maps for a long-term period doi.org/10.30730/2541-8912.2019.3.1.137-143	1	137–143
<i>Razzhigaeva N.G., Ganzey L.A., Grebennikova T.A., Kaistrenko V.M., Kharlamov A.A., Arslanov Kh.A., Maksimov F.E.</i> Application of paleodata for evaluation of the tsunami hazard of the Malokuril'skaya bay coast (Shikotan Island) doi.org/10.30730/2541-8912.2019.3.2.219-236	2	219–236
<i>Dunaev N.N., Repkina T.Yu., Baranskaya A.V., Afanasiev V.V.</i> Modern dynamics of an accumulative coast composed by pyroclastics of an underwater volcanic eruption doi.org/10.30730/2541-8912.2019.3.2.237-244	2	237–244
<i>Kozlov D.N., Koroteev I.G.</i> Modern data on morphology of the flooded caldera Lvinaya Past (Iturup Island, Southern Kuriles) doi.org/10.30730/2541-8912.2019.3.2.245-248	2	245–248
<i>Afanas'yev V.V., Uba A.V., Levitsky A.I.</i> Migration of the straits and pelagic sedimentation in the lagoons doi.org/10.30730/2541-8912.2019.3.3.310-317	3	310–317
<i>Afanas'yev V.V.</i> A new type of aeolian morphogenesis on volcanic shores (Iturup Island, Great Kuril Ridge) doi.org/10.30730/2541-8912.2019.3.4.423-428	4	423–428
Petrology. Volcanology		
<i>Chibisova M.V., Degterev A.V.</i> The activity of Sarychev Peak volcano (Matua Island, Middle Kuriles) in 2017– 2018: on the basis satellite and visual data doi.org/10.30730/2541-8912.2019.3.1.144-148	1	144–148
<i>Degterev A.V., Chibisova M.V.</i> The eruption of Raikoke volcano in June of 2019 (Rakoke Island, Central Kuril Islands) doi.org/10.30730/2541-8912.2019.3.3.304-309	3	304–309
Geocology		
<i>Zharkov R.V.</i> Physical and chemical properties of thermal waters of the Lunsky springs (Sakhalin Island) doi.org/10.30730/2541-8912.2019.3.2.249-255	2	249–255
<i>Ezhkin A.K.</i> Lichens of wood substrates in areas of solfataric activity on Southern Kuriles doi.org/10.30730/2541-8912.2019.3.2.256-263	2	256–263
<i>Zharkov R.V.</i> Physical and chemical properties and prospects of use of sapropelic mud of the Bolshoe Chibisanskoe Lake (Sakhalin Island) doi.org/10.30730/2541-8912.2019.3.3.318-324	3	318–324
<i>Nikitenko O.A., Ershov V.V.</i> Physical-chemical properties of natural waters in the area municipal solid waste landfill (Yuzhno-Sakhalinsk) doi.org/10.30730/2541-8912.2019.3.3.325-332	3	325–332
<i>Zharkov R.V., Kozlov D.N., Ershov V.V., Syrba N.S., Nikitenko O.A., Ustyugov G.V.</i> Paromay thermal springs of Sakhalin Island: modern state and prospects for use doi.org/10.30730/2541-8912.2019.3.4.428-437	4	428–437
<i>Zharkov R.V., Kozlov D.N., Chelnokova B.I.</i> Physical and chemical features of some freshwater lakes in the Elizovo district of the Kamchatka (Russia) doi.org/10.30730/2541-8912.2019.3.4.438-447	4	438–447
Mechanics of deformable solids		
<i>Mubassarova V.A., Bogomolov L.M., Zakupin A.S., Panteleev I.A.</i> Acoustic emission and strain responses of rocks triggered by electromagnetic action (A review). Part 1 doi.org/10.30730/2541-8912.2019.3.2.155-174	2	155–174
Conference, expeditions		
III Russian scientific conference with foreign participants “Geodynamical Processes and Natural Hazards” (Yuzhno-Sakhalinsk, 2019)	2	264
III Russian scientific conference with foreign participants “Geodynamical Processes and Natural Hazards” (Yuzhno-Sakhalinsk, 2019)	3	333–341
Books		
Ivan Nikolaevich Tikhonov. Problems of seismology: Selected works	3	342
Editorial Note		
The rules for the authors of the journal “Geosystems of Transition Zones”	4	448–453
Topical index of articles published in the Journal in 2019 (volum 3)	4	454–457
Author Index of Journal Publications in 2019 (volum 3)	4	458–460
