

Author's Agreement

The signing of this agreement means that all authors have acquainted with the rules of the «Geosystems of transition zones» journal and its editorial policy and agree to comply with them.

The Authors, reserving the copyright, grant the **Institute of Marine Geology and Geophysics of the Far Eastern Branch of the Russian Academy of Sciences** (hereinafter **Publisher**) the right to first publication of the manuscript (Article) in the «Geosystems of transition zones» journal (**Journal**).

Title of the work (article):

Specialty name:

(from the specialty list of the journal)

Corresponding Author:

Full name; Contacts: E-mail; Office telephone number; Mobile telephone number; Post address.

Article type: (review, regular article, short report, method, peer-review etc.)

Publication of the material is free of honoraria payment.

1. By signing this Agreement, the **Authors** confirm that:

- Authors agree that the Article will be distributed under the Creative Commons Attribution 4.0 International (CC BY) License, at the same time authors are the right holders of the published text and graphic materials. This means that anyone can use the published materials for commercial or non-commercial purposes as long as the authors are credited.
- The submitted material was not previously published in any form (electronic, printed) prior to its submission to the Publisher, and is not under consideration in other media and/or publishing houses.
- Publication of this material will not violate anyone's intellectual property rights, individual or public rights, and ethical standards.
- The work does not contain the information about scientific and technological achievements with restrictions on its distribution in the media.
- The work contains all references provided by the applicable copyright law to cited authors and publications, as well as to the results used in the article and facts obtained by other authors or organizations; the authors have obtained the necessary permissions to reproduce the materials of third parties.
- The author is solely responsible to third parties for the misuse of the results of their intellectual activity, as well as for all issues related to the ownership of rights to it.
- Authors are obliged to indicate the full imprint of the publication of the material in the "Geosystems of transition zones" journal in the case of its reprint in another edition in the original language or in translation into another language.

2. **Author** has the right to post the Article (or part of it) on the Internet (for example, in the institute's repository or on a personal website) before and during the review process by the journal (indicating its preprint status); use materials from the published Article in a book written by the Author; include the materials of the Article in educational collections.

3. **Publisher** undertakes to carry out its mandatory anonymous review within 30 (thirty) calendar days from the date of acceptance of the Article; in the case of a decision on its approval for publication, publish the Article in the Journal in the order of priority defined by the editorial board.

4. **Publisher** has the right to: 1) carry out the necessary editorial revision of the material, subject to the agreement of significant changes with the Author, 2) send the Article for consideration by anonymous reviewers, 3) reproduce and distribute the Article or its part in any way without limiting the circulation of copies and the territory of distribution, including on electronic media, in electronic libraries and databases; 4) translation of the Article and/or its parts into other languages.

5. **Authors** agree to process their personal data in accordance with the Article 6 of the Federal Law "On personal data" no. 152-FZ from July 27, 2006 and amendments to it dated July 14, 2022 in order to publish the submitted Article in the Journal (see the Form of Acceptance below).

If the Publisher decides to refuse publishing the Article or the Author (one of the Authors) withdraws the Article before it is published in the Journal, this Agreement is terminated. The decision to refuse publication is sent to the Author at the e-mail address specified in the Agreement. Retraction of the Article by the Author must be sent to the address of the Publisher by Russian Post, as well as in the form of a scanned document to the e-mail address: gtrz-journal@mail.ru.

In all cases not specified and not provided for in this Agreement, the Parties are obliged to be guided by the applicable legislation of the Russian Federation.

CONSENT

to the processing of personal data in the “Geosystems of transition zones” journal
(compiled and signed by each author)

I,

Full name of the personal data subject

give my consent to the Institute of Marine Geology and Geophysics of the Far Eastern Branch of the Russian Academy of Sciences (IMGG FEB RAS), located at the address: 693022, Sakhalin Region, Yuzhno-Sakhalinsk, Nauki Str., 1B, for automated, as well as without the use of automation tools, processing (collection, recording, systematization, accumulation, storage, clarification (updating, changing), use, deletion) of my personal data.

I confirm the accuracy and completeness of personal data, I undertake to inform the operator in the cases of change in any part of personal data.

For the purposes provided for by this Consent, the following information and data are subject to processing:

Full name; scientific degree, academic title; affiliation, position; phone number, e-mail; state registration address (postal address); ORCID.

The purpose of processing personal data is to prepare an Article and issue a periodical edition, with subsequent posting them on the Internet. Based on the open access policy, the journal's issues and metadata are published in html and pdf formats on the official websites of various information services, including <https://www.elibrary.ru>; <http://www.imgg.ru/>; <http://journal.imgg.ru/>, and are provided to national and international abstract databases and citation systems.

The period of the given Consent validity is determined by the term of enforcement of the right by IMGG FEB RAS to use the work granted by the personal data subject. The author's work as part of the issue after the publication of the next issue of the periodical edition is included in the archive of the «Geosystems of transition zones» journal. The storage and processing of archive numbers shall be carried out in accordance with the Paragraph 2 of Part 1.1 Article 1 of the Federal Law «On personal data» from July 27, 2006 no. 152-FZ in accordance with the legislation on archives.

If at least one of the authors refuses to consent to the processing of personal data, the submitted Article cannot be accepted for publication in the Journal.
